This is a bit more cleaned up (no bold or colored cells). Steve's facilities are removed.

Walt..does this has the facility's that Steve suggested be removed off the list? When I send the email, I will be sending out individual messages to each states..I am Looking at this on my phone, but can you please be sure that each worksheet is cleaned up to only show the facilities you want to send the letter to and to be sure Steve's facilities are removed? Some are shaded so I am not sure if those are the only ones you want to send to.

Thank you!

Hey Chad,

This is what I sent Stacie a few weeks back. It's from the last SNC report Steve O sent me.

All I really did was filtered for effluent violations and tried to weed out the industries. You can filter for POTWs, but we wanted to include some privates like MHPs. It's a big list, but my hope is it will be manageable.

Stacie,

Attached is the SNC list that I filtered to just the private and public WWTPs.
